

Bar & Nightclub

RPOWER™ RESTAURANT POS

Bar & Nightclub

The speed of RPOWER's Bar & Nightclub configuration provides for lightning-fast order-to-completion time without sacrificing detailed item tracking or customer management. Cash transactions can be completed in two touches taking less than a second to complete an order. A credit card pre-authorization of funds can be started with each new tab securing payment and protecting your liability from customer walk-outs. High-speed credit card processing allows credit card authorizations to be completed in under 3 seconds, keeping your bartender in the flow of business. The speed and simplicity of RPOWER's Bar & Nightclub system paralleled with its core reliability is unmatched in the industry and continues to place RPOWER in the most demanding environments in the country.

Bar & Nightclub Management Features

RPOWER also excels with management utilities specific to the Bar & Nightclub industry: our Spotter Display flashes order transaction totals and change amount due on the entire screen for easy customer & management monitoring. Or have RPOWER integrate with your cameras to overlay item ordering text insertion on your CCTV system. Drawer compulsion settings to require a closed cash drawer in order to ring items. Opt to require a "Blind Close" for cash drawer operators with holding sales and cash totals without management permission. Integrate to the industry leaders in liquor management solutions such as BarVision, ScannaBar, Freepour, and BevInco.

VIP Customer & CRM Programs

RPOWER has configurable VIP programs for special guests with Pop-up note reminders for special services, including customer pictures for quick identification confirmation. RPOWER's Bar & Nightclub POS system provides the tools and features you need to promote a unique customer experience and keep your operations running smoothly while maintaining control of your staff.
